Education

VIT Bhopal University

B. Tech

Computer Science and Engineering with specialization in Health Informatics

Bhopal, Madhya Pradesh

October, 2022 - Expected 2026

12th Standard

Neta Ji Model

CBSE

10th Standard

Sahib Zada Ajit Singh Academy

CBSE

Ropar, Punjab 2022

Ropar, Punjab 2020

Projects

1. Health Trends Analysis – Data Analytics Project

Tools: SQL, Microsoft Excel

Performed data analysis on healthcare datasets using SQL queries and Excel for filtering, sorting, and basic trend analysis.

2. Road Accident Data Analysis – Power BI Dashboard

Tools: Power BI

Created an interactive dashboard using Power BI to analyse accident severity trends. Included year-wise slicers, donut charts, stacked visuals, and key KPIs for insightful data storytelling.

3. DocView – Document Management Android App

Tech Stack: Java, Android Studio

Created an Android app to upload and view medical images locally with simple login authentication by doctor and patient.

4. NewsFetch – Real-Time Web-Based News Application

Tech Stack: Java, HTML, CSS, JavaScript

Developed a web application that fetches and displays real-time news across multiple categories using news APIs, offering users a personalized and seamless news reading experience.

5. Health2GO – Health Assistance Platform

Tech Stack: HTML, CSS, JavaScript, Google Maps API

Built a web app that provides symptom-based health recommendations and suggests nearby hospitals.

6. TravelSeeker – Hotel Booking & Price Comparison Platform

Tech Stack: HTML, CSS, JavaScript

Developed a hotel booking website with price comparison and location-based filtering features.

Extracurricular

- **Event Management Team Member**
Actively participated in organizing and managing college events, coordinating logistics, and ensuring smooth execution of programs.
 - **Technical Workshop Attendee**
Attended workshops on programming, data analytics, and mobile app development to enhance technical skills.
 - **College Fest Volunteer**
Assisted in planning and managing annual college festivals, including crowd management and event promotion.
-

Technical Skills:

Programming Languages: Java, JavaScript, Python, R

Data Analysis/Visualization Tools: Microsoft Excel, Power BI, Tableau

Databases: SQL

UI/UX- Figma, Adobe XD

Mobile Development: Android Studio (Java)

Web Technologies: HTML, CSS

Languages:

Fluent in English , Hindi , Punjabi

Certifications:

- **Professional Data Analytics Course** — Coursera
- **SQL Certification** — Oracle Cloud
- **UI/UX Design Certification** — Ethnus
